Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' process for separation and purification of a crude hydroquinone and resorcinol mixture is unobvious over the prior art of record because the prior art of record does not teach or suggest separating and purifying a hydroquinone and resorcinol mixture as presently claimed wherein a refining stage, which comprising cooling/crystallization, draining an eutectic, reheating and draining a liquid fraction and then melting-recovering a crystallized fraction of the desired component of the crude mixture, is carried out. All claims (21-51) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
